Dakota City Utility Customers:

We have updated our system for online utility payments!

Below are steps and information to access this new feature!

If you have any questions, please feel free to contact City Hall at 402-987-3448!

Go to <http://www.dakotacity.net/> and scroll to the bottom

Click on the utility payment button.

You will now enter in your account number.

Your account number is on the bottom right corner and the top left of your utility bill. It is the first set of numbers before the first dash. For instance, if the number on your card was 1563-25-1489, you would then insert 1563.

Your Account Number: _____

This will now bring up all your account information, including how much you owe. This is also where you will enter how much you would like to pay.

You will then pick how you would like to pay. You can still pay with a credit/debit card, but you will be charged a flat rate of \$1.75 plus a 2.5% fee.

A new option to all our customers is an E-Check. When using the E-Check option, you will need to have your bank account number and routing number from your bank. Paying with an E-Check you will only be charged a flat fee of \$1.75. You may still pay online or in-house with a credit/debit card but with the E-Check it will save you money!

We are excited to bring new and innovative ways for you to pay your utility bill and hope you take advantage of it!
